This Week's Message from Mr. Ference

Habit 7 Sharpen the Saw

When we ask students to Sharpen the Saw, it is a metaphor for reminding them to take care of themselves. This principle focuses on renewal, continuous improvement, and balance. At RESN, students learn of the benefits of eating nutritious meals and exercising. In addition, we talk to the students about taking time to invest in themselves so that they are better prepared to accomplish everything required of them during the school day.

Leader in Me – 7 Habits Tree
